- Built-in 4-9mm Direct Drive lens

CAMERA WITH BUILT-IN VARIFOCAL LENS

The Vista NCL735 1/3" colour camera has been designed for entry level applications, without compromising quality of image or features provided.

Incorporating a 4~9mm direct drive (DD) varifocal lens the camera features selectable automatic gain control (AGC) and backlight compensation (BLC).

The integral varifocal lens minimises installation time and gives increased flexibility in the choice of camera location.

Despite being extremely cost-effective, no compromise has been made to quality and these cameras come with features that small to medium retail outlets, offices, reception foyers and warehouses can all benefit from by providing outstanding value for money and picture quality.

THE UK'S PREMIER CCTV BRAND
