

# VISTA COVERT

## RANGE OF CAMERAS

### IDEAL FOR APPLICATIONS SUCH AS:

- Covert surveillance
- Jewellery stores
- Banks
- Retail

### VPIR RANGE

The VPIR range mimics a Passive Intruder Alarm Sensor offering a number of options to suit the majority of covert surveillance requirements. In its simplest form, the sensor housing contains a miniature camera for surveillance. However, this model is also available with an integral microphone for audio recording and active sensors which can be used to trigger a recording device, e.g. a VCR.

### TAYLOR MADE FOR YOUR NEEDS...

Ordering your covert solution couldn't be easier, just follow the simple part number system:

VPIR 1	2	3	C
Vista Passive Infra Red Covert camera	Audio	Active PIR	Colour

e.g. VPIR123 would be a Working PIR with audio and monochrome camera.

## THE UK'S PREMIER CCTV BRAND

## TECHNICAL SPECIFICATIONS
